

I am truly excited about the upcoming year and beginning my next year as the elementary principal.

Serving as an educator in Texas for 27 years, all of which have been with Hemphill ISD, I was a classroom math teacher for 14 years followed by being the district's Testing and Special Programs Coordinator. I received my Bachelor degree and Master of Education degree from Stephen F. Austin State University.

Hemphill Elementary has a phenomenal faculty and staff that recognizes the importance of educating every student as well as keeping them safe. We are honored that you allow us to have a part in your child's life.

If you ever need assistance, please contact the office at 409-787-3371 or email me at monica.butler@hemphillisd.net.
